TREATMENT

Dental Treatment Options

DENTAL IMPLANTS

Newest and most advanced dental implant techniques and procedures to place single tooth implants or full dental implants. Dr. Dekhtyar is one of few implant dentists in the area to offer newest and most advanced dental implants. We are using cutting edge techniques for placing multiple teeth implants.

TEETH WHITENING

We tailor your teeth whitening process specifically for every patient. Teeth whitening treatments reduce existing stains from coffee, soft drinks or just through natural aging. Our office uses several methods including professional strength Zoom whitening.

PORCELAIN VENEERS & CROWNS

Crowns are full coverage restorations that are used to cover a tooth that is likely to break, or is too broken down to be restored with a filling. Porcelain Veneers provide improved appearance of chipped, fractured, stained and uneven or worn teeth.

Clean, Advanced Office

Our office is equipped with state-of-the-art technology.
Also offers clean, comfort environment for the patients.
