HOW CAN VIVA EVE HELP YOU?

If you have fibroids, VIVA EVE helps women just like you understand their symptoms, condition, and treatment options. At our fibroid center in NYC, our team of highly skilled, board-certified fibroid experts works with you to pick the treatment path that's best for you. From diagnosis to treatment, you're actively involved in your treatment plan and are provided all the facts every step of the way.

Our doctors are passionate specialists who advocate for all medically sound fibroid treatment options. One of the leading procedures we promote for fibroid relief is a nonsurgical treatment called uterine fibroid embolization (UFE). While this is a procedure we specialize in, we only recommend treatments that are appropriate based on each patient's medical case and circumstances.

As leaders in our field, we are among the **best fibroid specialists** in New York, and are committed to helping women regain control of their lives through advanced medical care. We know that a happier and healthier life is attainable by seeking treatment to end fibroids. Whether you are looking into starting treatment with us, or are simply seeking a second opinion, we invite you to come in for a consultation. You'll always be heard at VIVA EVE.

STEPS TO WELL-BEING

Consultation (Schedule an initial consultation to explore treatment options, including UFE.)

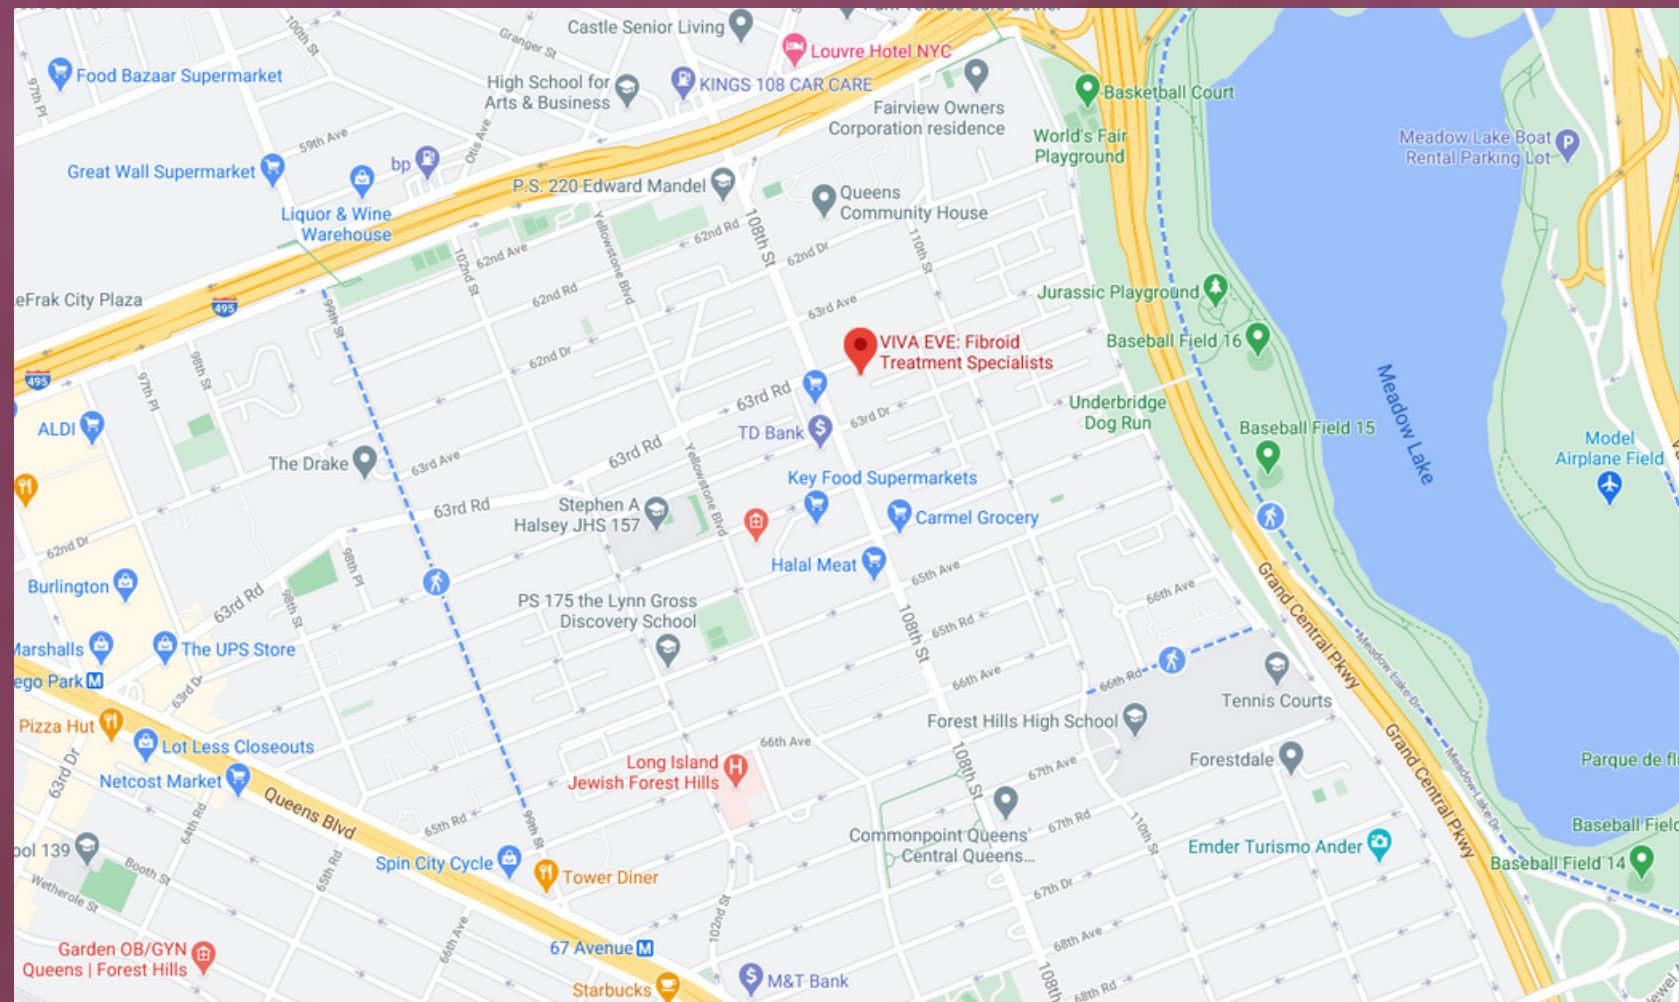

Screening (Undergo testing to assess your condition and determine treatment eligibility.)

Create a Plan (Discuss screening results and decide which treatment is right for you.)

Meet the Specialist (Meet with the specialist who will conduct your procedure and schedule it.)

Procedure (Our board-certified fibroid specialists and caring staff are there for you before, during, and after your procedure.)
