Mantis Micro Cruiser Super Duty Collapsible Golf Cart

We saw a problem with the current golf cart market. So we fixed it. Making a collapsible electric golf cart with solar assist on the roof. No more hitches. No tough-to-maneuver trailers. No need for a larger-than-life pickup truck. We wanted to create something that fits your current lifestyle. That's how the Micro Cruiser was born: a golf cart that has all the features you expect but fits right inside your full-size SUV or pickup truck.
