

NEW YORK CARDIAC DIAGNOSTIC CENTER

Upper East Side, Midtown and
Downtown Manhattan

PREMIER CARDIOLOGY CENTER IN NEW YORK CITY

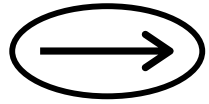

02

New York Cardiac Diagnostic Center is a nationally recognized Manhattan cardiology practice with state-of-the-art equipment for heart screening. We offer the most advanced and accurate tests for early detection of “high risk” heart disease, along with an emphasis on prevention.

Dr. Steven Reisman has publications in the American College of Cardiology, the American Heart Association and the American Federation for Clinical Research. He is one of the most expert cardiovascular doctors and was also an investigator with the Food And Drug Administration (FDA) in a new type of stress test.

As a top New York cardiologist he is a nationally recognized author and a contributor to Fox News, CNN, the New York Post, the Washington Post and Forbes. He has privileges with top New York hospitals including NYU Langone.

Exceptional Cardiologist and Expert Heart Specialist

It is Dr. Reisman's commitment to his patients that has earned him the reputation of being one of NYC's top heart doctors. Dr. Steven Reisman specializes in taking exceptional care of each patient from the initial consultation to the post-consultation period. The honor and privilege of caring for patients comes with the responsibility and dedication of the doctor's staff to the utmost standard of excellence in patient care.

Generally, it is worth seeking advice from a New York Cardiac Diagnostic Center specialist such as Dr. Reisman if you have any of the symptoms such as chest pain or tightness, chest pressure or discomfort, shortness of breath, palpitations or a racing heart.
